Precipitations : rain

2017-08-01 - 2017-11-01

Air temperature (currently 12:35) 2017-08-01 – 2017-11-01

Phenological observation results

- *Betula pendula* threw the leaves

2015-09-14, 2016-10-15, 2017-09-27

- *Tilia cordata* threw the leaves

2015-10-26, 2016-10-18, 2017-10-08

- *Quercus rubra* threw the leaves

2015-10-28, 2016-11-07, 2017-10-24

Conclusion

In this autumn (2017) trees threw the leaves earlier than in 2015 and 2016 autumn because of the rain and wind.
